### Planning for Integration of Primary Care and Behavioral Health: Estimating Projected Use

As organizations move to integrating primary care and behavioral health, there is no tested methodology for predicting the volume of patients who may use the newly integrated service. This makes planning for staffing and space a difficult challenge. [Read here.](#)

### Telehealth Services

The recent bill passed in NYS, S3293 amends subdivision 3 of section 2999-cc of the public health law by expanding Telehealth services for children. [Read here.](#)

### New Law Allows New York Clinics to Provide Primary Medical Care Off-Site

A new provision of the Public Health Law §2803(11) recently signed into law permits Article 28 hospital outpatient clinics (clinic) and diagnostic and treatment centers (D&TC) to provide primary care services off-site for patients who are unable to travel to the facility. [Read here.](#)

### Cyberattacks of Nonprofits on the Rise

Cyberattacks and data breaches are commonplace in the news now—it would be easy to miss the changing trend on where these attacks are being focused. [Read here.](#)
